1. Attorney Susan P. Pan authorized a charge of \$120.00 for **EXTENSION OF ONE MONTH** to Deposit Account No. 19-4880, in a telephone conversation on March 13, 2007, in order for an examiner's amendment to be entered.

During the same telephone conversation, Attorney Pan authorized the **EXAMINER'S AMENDMENT** to be addressed below. Ms. Pan agreed to delete "at least" from the phrase "at least one of a) and b)" in claims 25 and 27 to avoid a possible rejection under 35 U.S.C. 112, first paragraph. Since the phrase "performing at least one of a) and b)" means performing a), or performing b), or performing both a) and b), the specification does not show support for "performing both a) and b)" because the two embodiments described in a) and b) of claims 25 and 27 are mutually exclusive embodiments corresponding to Figs. 1 and 5, respectively.

2. **Examiner's Amendment:**

Please amend claims 25 and 27 as follows:

In claim 25, line 8, delete "at least".

In claim 27, line 8, delete "at least".

3. Claims 1-22 and 25-27 are allowed. Claims 1 and 25-27 are independent.

Claims 15-21 previously withdrawn from consideration are allowable because claims 15-21 depend on allowed claim 1, directly or indirectly.

4. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 25 have been amended to include the allowable subject matter of now canceled claim 23, i.e., "wherein returning the forward end of said film comprises transporting the forward end through a path not containing the image reading position". As addressed in section 7 of the Final Office Action mailed October 18, 2006, the closest prior art Jamzadeh et al. (U.S. Patent No. 5,504,583) does not disclose this limitation. Jamzadeh et al. does not show a path not containing the image reading position, a path through which the forward end of the film is transported to return.

Claims 2-22 depend on claim 1, directly or indirectly.

Independent claims 26 and 27 have been amended to include the allowable subject matter of now canceled claim 23, i.e., "wherein returning the forward end of said film comprises transporting the forward end on a path different from a physical location of said read and transport path". As addressed in section 7 of the Final Office Action mailed October 18, 2006, the closest prior art Jamzadeh et al. (U.S. Patent No. 5,504,583) does not disclose this limitation. Jamzadeh et al. does not show a path different from a physical location of the read and transport path, a path through which the forward end of the film is transported to return.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
